

Call for Papers. Special issue in Optimization Methods & Software

Special Issue on Recent Advances in Mathematical Programming-based Methods to solve Real-world Optimization Problems, on the occasion of the VI Conference of the Mexican Operations Research Society

The aim of this special issue is to bring together high-quality contributions in multiple application fields tackling real-world optimization problems where mathematical programming-based methods are used. A particular interest of this issue is to attract relevant state-of-the-art contributions that analyze and provide insights and knowledge regarding the applied methodologies.

We solicit contributions directly related to the journal scope ([OM&S scope](#)) addressing the following topics:

- Mathematical programming-based methods including hybridizations with simulation, metaheuristics or machine learning
- Multicriteria optimization
- Dynamic optimization and stochastic programming
- Game theory applications
- Decision support and intelligent systems
- Real-world applications (e.g., logistics, supply chain, cloud-computing, healthcare, energy management, etc.)

Submission information:

- The deadline for submissions: **15-01-2018**.
- To specify the special issue in the journal submission platform, please choose "SMIO17".
- The paper length should normally not exceed 25 journal pages.
- Submissions should follow the journal's style and guidelines presented here: <http://www.tandfonline.com/action/authorSubmission?journalCode=goms20&page=instructions>
- Manuscript submission must be made online via the journal's ScholarOne Manuscripts site

Guest Editors:

- Eduardo Lalla-Ruiz (University of Hamburg, Germany): eduardo.lalla-ruiz@uni-hamburg.de
- Elias Olivares-Benitez (Universidad Panamericana, México): eolivaresb@up.edu.mx
- Rosa G. González-Ramírez (Universidad de Los Andes, Chile): rgonzalez@uandes.cl
- Samuel Nucamendi-Guillén (Universidad Panamericana, México): snucamendi@up.edu.mx
- Adrián Ramírez-Nafarrate (Instituto Tecnológico Autónomo de México, México): adrian.ramirez@itam.mx
