

1st SFB MR-DYNAMO Workshop

Mathematical Methods in MRI

May 20–22, 2026 • TU Graz, Austria

Registration and abstract submission now open

Deadline: April 15, 2026

Registration is free of charge!

At the interface of mathematics and MRI:

- inverse problems • optimal control • dynamic imaging
- model-based and learning-based reconstruction
- uncertainty quantification • optimal experimental design

Keynote speakers:

Gerlind Plonka-Hoch, University of Göttingen

Michael Unser, EPFL, Lausanne

Moritz Zaiss, FAU, Erlangen-Nürnberg
